

One of our Upper Falls neighbors, Sharon Tamir, just sent this very personal request for help to all of us.

Dear Upper Falls residents,

Friday after noon between 4:30 - 5 PM my 15 years old daughter was riding her bike. While she was biking a women driver in a black car, came out of the Clark's parking lot at Oak st. The driver was talking at her cell and didn't notice my daughter. She run over the front wheel. Thank god, my daughter dropped the bike and wasn't hurt.

The driver came out the car, said that she is sorry, gave my daughter some money, [ that doesn't even cover a new wheel....] and went away.

Sh didn't give her any insurance or even name or phone number, as she should have done by the law!

My daughter was totally shocked, didn't know what to do, and had to carry the bike by hands to the house, as the wheel was so curved, the bike couldn't drive.

We are asking for your help to know if someone have seen the scene and could help us to get some info regarding the driver whom didn't even call to see if the child is Okay, not to mention drive her back home!!!

In case you have any information, please contact me by email- [1sharontamir@gmail.com](mailto:1sharontamir@gmail.com)

Many thanks

Sharon
